On 3 May 2017 Heinrich Peter Röhm, the long-standing managing director of Röhm GmbH, will be celebrating his 80th birthday. After completing an apprenticeship as a precision mechanic at Bosch and graduating from university with a degree in engineering, Heinrich Peter Röhm joined Röhm GmbH on 1 January 1980 as his father's successor, taking up the position of managing director with responsibility for organization and finances. He played a key role in the introduction of electronic data processing (since 1968) in both the commercial and the technical divisions of the company. This was the requirement and foundation for the medium-sized, family-owned company's consistent solid growth, transforming it into one of the world's leading clamping manufacturers. As a long-standing managing director of the company, which was founded in Zella Mehlis / Thuringia in 1909, he has always been committed to growing the company in line with contemporary developments.
Heinrich Peter Röhm was, for many years, a member of the Chamber of Commerce Plenary Assembly, also serving on the Foreign Trade Committee.

Celebrating his 80th birthday on 3 May: Heinrich Peter Röhm.
